## DIRECTORS' REVIEW

The Directors of Worldcall Telecom Limited ("Wordcall" or the "Company") are pleased to present the brief overview of the un-audited financial information for the nine months ended 30 September 2016.

### Financial Overview

During the period under review, the Company closed its financial results on net loss after tax of Rs 1,825 million. The revenue has decreased from Rs 1,529 million to Rs 1,222 million showing a decline of 20% against the comparative period. Financial performance was also suppressed by higher charge of network depreciation and hefty fixed cost resulting in gross loss of Rs 691 million. Operating cost has reflected a saving of 7%. After taking effects of finance cost and tax, the Company has closed the period at a net loss.

### Future Outlook

Despite the challenges being faced, the Company remains focused on enhancing the profitable revenue streams and rationalization of overall cost base with a view to improve the bottom line. Major focus is towards broadband segment to seize the tremendous available opportunities after launch of 3G/4G data services. Digital offering has been actualized with state of the art CAS enabled for bouquet and subscription management along with revenue assurance. Management plans to restructure the wireless broadband business with major focus on reduction in fixed operational cost. Furthermore, after annulment of ICH in 2015, the Company has successfully re build LDI business structure to materialize its share from market with focus on continuous improvement. Cost reduction initiatives have been undertaken to rationalize the expenses. Conversely, the Company is also in process of rescheduling existing finance liabilities which would considerably ease the burden in meeting financial obligations. Financial indicators are thus expected to improve in near future.

In pursuance of a strategy of achieving desired results through revamping of the Company's organizational structure, a Share Purchase Agreement ("SPA") dated 11 October 2016 has been entered between the Parent company, Worldcall Services (Private) Limited ("WSL") and Ferret Consulting – F.Z.C (a company based in the United Arab Emirates). (hereinafter collectively also referred to as the "Acquirers"). As per the SPA, WSL shall acquire the 56.8% ordinary shares (488,839,429 ordinary shares) of the Company that are held by the Parent company and Ferret Consulting – F.Z.C shall acquire the 85% CPS aggregating 297,500 CPS that are held by the Parent company on fulfillment of certain terms and conditions.

### Company's staff and customers

We whole heartedly put in record here our appreciation and gratitude to our all staff members for their efforts and hard work especially in recent times of stress and pressure. We further express our customer for their continued support and trust on our services.

For and on behalf of the Board of Directors

## ڈائریکٹرز کا جائزہ

ورلڈ کال ٹیلی کام لمیٹڈ ("ورلڈ کال" یا "کمپنی") کے بورڈ آف ڈائریکٹرز 30 ستمبر 2016ء کو اختتام پذیر غیر آڈٹ شدہ ماہی میں معلومات کا مختصر جائزہ پیش کرنے میں فخر محسوس کرتے ہیں۔

### مالیاتی جائزہ

زیر جائزہ مدت کے دوران، کمپنی نے اپنے مالیاتی نتائج کو ٹیکس کے بعد خالص نقصان 1825 ملین روپے پر بند کیا ہے۔ کمپنی کی آمدنی تقابلی مدت میں 1529 ملین روپے سے اس سال 1222 ملین روپے کم ہو چکی ہے (20 فیصد کمی کے ساتھ) بھاری فرسودگی اور فیکس کاسٹ نے 691 ملین روپے کے مجموعی نقصان میں اہم کردار ادا کیا ہے۔ آپریٹنگ لاگت میں 7 فیصد کمی بچت ہوئی ہے۔ فنانس لاگت اور ٹیکس کے بعد کمپنی نے موجودہ پریذکٹو مجموعی نقصان پر بند کیا ہے۔

### مستقبل کا نقطہ نظر

باوجود رجسٹریشن چارجز کے کمپنی نتائج کو بہتر بنانے کے لئے منافع بخش آمدنی میں اضافہ اور مجموعی لاگت کو جوڑہ بنانے پر اپنی توجہ مرکوز کر رہی ہے۔ 3G/4G سروس کے اجرا کے بعد کمپنی براڈ بینڈ سیکٹ میں زبردست دستیاب مواقع پر کمپنی نے توجہ مرکوز کر رہی ہے۔ بیٹھنٹ مقررہ پریشل لاگت میں کمی پر توجہ کے ساتھ وائرلیس براڈ بینڈ کاروبار کی تنظیم نو کرنے کے لئے منصوبہ بندی کر رہی ہے۔ مزید برآں 2015 میں ICH کے فیس کے بعد مسلسل بہتری پر توجہ کے ساتھ LDI کاروبار کی تنظیم نو سے کمپنی اپنا مارکیٹ شیئر کامیابی کے ساتھ حاصل کر رہی ہے۔ لاگت میں کمی کے لئے اخراجات کو معقول بنانے کے لئے اقدامات کئے جا رہے ہیں۔ اس کے برعکس کمپنی اپنے فنانس واجبات کو فاسٹ آسانی سے ادا کرنے کے لئے فنانس واجبات کی ری شیڈولنگ کر رہی ہے۔ اس طرح مستقبل قریب میں مالیاتی پوزیشن کے بہتر ہونے کی امید ہے۔

حسب منتظرہ نتائج حاصل کرنے کے لئے حکمت عملی پر کام آگے بڑھانے کے لئے کمپنی کے تنظیمی ڈھانچے کی تجدید کی گئی اور ابائی کمپنی ورلڈ کال سرورسز (پرائیویٹ) لمیٹڈ ("WSL") اور فیئرٹ کنسلٹنگ - FZC (جس کی بنیاد متحدہ عرب امارات میں ہے)..... (بعد میں مجموعی طور پر اسے "ایکویٹیزرز" کہا گیا) کے مابین 11 اکتوبر 2016ء کو حصص کی خرید و معاہدہ ("SPA") طے پایا۔ SPA کے مطابق، WSL کمپنی کے 56.8 فیصد عمومی حصص (488,838,429 عمومی حصص) کا مالک ہوگا جو ابائی کمپنی کے پاس موجود ہیں۔ اور چند قواعد و ضوابط پر عمل کرتے ہوئے فیئرٹ کنسلٹنگ - FZC ابائی کمپنی کے پاس موجود CPS میں سے 85 فیصد CPS مجموعی طور پر 297,500 CPS کی مالک ہوگی۔

### کمپنی کے ملازمین اور صارفین

ہم تبدیلی سے کمپنی کے تمام ملازمین اور صارفین کے شکرگزار ہیں۔ جنہوں نے اس کشیدگی اور دباؤ کے حالیہ دنوں میں کمپنی کی خدمات پر اکتفا کیا اور اپنی کوششیں جاری رکھیں۔

Oman Telecommunications Company SAOG (the "Parent company") owns 488,839,429 ordinary shares i.e. 56.80% (2015: 488,839,429 ordinary shares - 56.80%) and 350,000 preference shares - 100% (2015 : 200,000 preference shares - 57.14%) of the Company.

As stated in Note 2.5, a share purchase agreement (SPA) has been signed subsequent to the nine months ended September 30, 2016, between the Parent company and the acquirers, through which 488,839,429 ordinary shares (56.80% ordinary shares) and 297,500 preference shares (85% preference shares) of the Company shall be acquired by the acquirers from the Parent company. The execution of the said SPA is in process.

### 2. Basis of preparation

**2.1** This condensed interim financial information of the Company for the nine months ended September 30, 2016 has been prepared in accordance with the requirements of the International Accounting Standard 34 - Interim Financial Reporting and provisions of and directives issued under the Companies Ordinance, 1984. In case where requirements differ, the provisions of or directives issued under the Companies Ordinance, 1984 have been followed.

**2.2** This condensed interim financial information should be read in conjunction with annual audited financial statements for the year ended December 31, 2015. Comparative balance sheet is extracted from annual audited financial statements for the year ended December 31, 2015 whereas comparative profit and loss account, comparative statement of comprehensive income, comparative cash flows statement and comparative statement of changes in equity are extracted from unaudited interim financial information for the nine months ended September 30, 2015.

**2.3** The preparation of these condensed interim financial information requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. In preparing this condensed interim financial information, the significant judgments made by the management in applying accounting policies and key sources of estimation were the same as those that were applied to the financial statements for the year ended December 31, 2015.

**2.4** This condensed interim financial information is presented in Pak Rupees, which is the Company's functional and presentational currency. All the figures have been rounded off to the nearest thousand of rupees, unless otherwise stated.

## 2.5 Going concern assumption

The Company has incurred a loss after taxation of Rs. 1.825 billion during the nine months ended September 30, 2016. As of that date, the accumulated loss stands at Rs. 19.292 billion and current liabilities exceed current assets by Rs. 16.994 billion and the Company has a negative equity of Rs. 5.366 billion as of that date. These conditions, along with the factors discussed in the foregoing paragraphs and note 10, indicate the existence of material uncertainties that cast significant doubt about the Company's ability to continue as a going concern and therefore, it may be unable to realize its assets and discharge its liabilities in the normal course of business. The Company's management has carried out a going concern assessment of the Company and believes that the going concern assumption used for the preparation of this condensed interim financial information is appropriate based on the following grounds:

**2.5.1** 'Subsequent to the nine months ended September 30, 2016, a Share Purchase Agreement ("SPA") dated October 11, 2016 has been entered between the Parent company, Worldcall Services (Private) Limited ("WSL") and Ferret Consulting – F.Z.C (a company based in the United Arab Emirates), as stated in the extracts of minutes of the Company's Board of Directors' meeting held on October 16, 2016. The Company's Chief Executive, Chief Financial Officer and Officiating Company Secretary are majority shareholders of WSL and Ferret Consulting – F.Z.C. (hereinafter collectively also referred to as the "Acquirers").

As per the terms of the SPA, the Parent company will provide a funding of USD 11.5 million (approximately Rs. 1,202.9 million) to the Company in tranches which will be waived off later on the successful execution of the SPA. Moreover, liability of the Company towards the Parent company amounting to Rs. 2,915.97 million will be written off by the Parent company and NBO's loan of USD 35 million (Rs. 3,668 million) along with its accrued markup will be novated to the Parent company on successful execution of the SPA. As part of the SPA, WSL will also provide USD 4 million (approximately Rs. 418.40 million) to the Company in tranches as a loan that will not be repaid before the completion of SPA.

**2.5.2** 'Based on the above factors, the Company's BOD in consultation with the Acquirers, has approved a business plan that includes investment in infrastructure of Broadband business to enhance its customer base, capacities and resultant sales volumes, increase in international termination revenue, enhancement of EVDO business, sale of passive infrastructure (towers, civil works and gensets etc.) and properties, containment of excess costs through layoffs and retrenchment to achieve right sizing of the human resources (major portion has already been executed by November 2016); and using the proceeds therefrom for other profitable operations and settling liabilities.

Subsequent to the nine months ended September 30, 2016, the Company has received USD 8 million (USD 4 million each from the Parent company and WSL) in November 2016. The funds received and to be received from the Parent company and WSL under the terms of the SPA have been and will be mainly applied in partially settling overdue and outstanding operational, financial and statutory liabilities. Apart from the SPA, WSL will further arrange to provide USD 5 million (approximately Rs 523 million). The management intends to apply these funds for replenishment of the Company's inventory, mainly for the purchase of Customer Premises Equipment (CPEs) in order to increase customer base and revenue.

**2.5.3** 'Furthermore, WSL, based on certain commitments of an investor, has assured support to the Company for continuing as a going concern through its letter to the Company's Board of Directors. In view of above factors, the management believes that the risks posed by material uncertainties leading to a significant doubt about going concern have been properly mitigated. Consequently, this financial information has been prepared on the assumption that the Company will continue as a going concern.

## 3. Significant accounting policies

The accounting policies and the methods of computation adopted in the preparation of this condensed interim financial information are the same as those applied in the preparation of preceding annual published financial statements of the Company for the year ended 31 December 2015.

**4. Significant accounting judgments and estimates**

The preparation of condensed interim financial information in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. The estimates, associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. In preparing this condensed interim unconsolidated financial information, the significant judgments made by management in applying accounting policies and the key sources of estimation were the same as those that were applied to the financial statements for the year ended 31 December 2015.

**Term Finance Certificates (TFCs)**

Term finance certificates (TFCs) have a face value of Rs. 5,000 per certificate. These TFCs carry mark up at the rate of six month average KIBOR plus 1.60% per annum, payable semi-annually. The mark up rate charged during the quarter on the outstanding balance ranges from 7.96% to 8.19% (2015: 8.67% to 11.79%) per annum.

IGI Investment Bank Limited is the Trustee (herein referred to as the Trustee) under the Trust Deed. These TFCs are secured against pari passu charge over the Company's present and future fixed assets excluding land and building with 25% margin in addition to all rights, benefits, claims and interests procured by the Company under:

- (a) LDI and WLL license issued by PTA to the Company; and
- (b) Assigned frequency spectrum as per deed of assignment.

These TFCs were earlier rescheduled in December 2012, under which the principal was repayable in three semi-annual installments ending on October 07, 2015. In July 2014, the Company initiated the process of second rescheduling with the TFC holders. As per terms of second rescheduling, payments in respect of principal and markup aggregating to Rs 173.375 million were required to be made during nine months ended September 30, 2016, which were not paid, hence constituting a default as per the terms. Consequently, the total amount has become immediately payable.

Moreover, in April 2016, the Trustee's legal counsel issued a legal notice to the Company demanding immediate payment of all principal amount and interest accrued thereon and liquidated damages within thirty days of the notice, failing which the Trustee would initiate legal proceedings against the Company. The Trustee also withdrew its Non Objection Certificate (NOC) given to the Company in respect of sale of Wireless Local Loop (WLL) passive infrastructure. No payments have been further made by the Company in respect of principal amount or interest accrued thereon.

This represents foreign currency syndicated loan facility ("facility") amounting to USD 35 million from National Bank of Oman (NBO) and Ahli Bank SAOG ("the consortium") with NBO as the lead arranger. The loan was disbursed on June 30, 2015 and the loan proceeds were used to clear liabilities of Askari Bank Limited as stated in note 9.1. The NBO loan is repayable in 16 quarterly installments commencing from September 30, 2017. Profit is payable quarterly and is charged at three months average LIBOR plus 1.75% per annum and monitoring fee at 1.5% per annum. The mark up rate charged during the period on the outstanding balance ranged from 3.86% to 3.88% (2015: 3.53% to 3.58%) per annum. To secure the facility, corporate guarantee of the Parent company was furnished along with a provision for cash cover / direct debit of the Parent company's bank account in the event of the Company's failure to fund obligations under the facility agreement.

The Company failed to pay interest against this facility, which led to the consortium adjusting the Debt Service Reserve Account Balance ("security") held with them for interest payable. These factors constitute events of default under the facility and empower the consortium to demand the outstanding amount at their will. Therefore, the total amount has become immediately payable. However, subsequent to the reporting date, the Parent company has been servicing the markup timely on behalf of the Company. As stated in note 2.5, this liability shall be taken up by the Parent company subject to successful execution of SPA.

## 10. Contingencies and commitments

### Contingencies

There is no significant change in contingencies from the preceding annual published financial statements of the Company for the year ended December 31, 2015 exception for the following:

## 10.1 Disputes with PTA

- (i) The Company is contingently liable to PTA against demand of Rs. 242.66 million on account of annual spectrum fee and other regulatory charges. Being aggrieved, the Company's management preferred an appeal before the Honorable Lahore High Court ("LHC") against the PTA's determination. LHC has granted stay against the recovery subject to payment of Rs. 40 million which was complied by the Company. Based on the advice of the Company's legal counsel, Company's management feels that there are strong grounds to defend the Company's position and the ultimate decision would be in Company's favor. The management has therefore not provided for the excess liability in these financial statements.
- (ii) PTA has raised demand amounting to Rs. 67.43 million on account of Annual Radio Regulatory Dues for the year ended 2013 and 2014. The Company has filed a writ petition before Lahore High Court challenging the constitutionality of this demand and is hopeful that its viewpoint shall be upheld; thus no provision has been incorporated in these financial statements against this demand.
- (iii) PTA has raised demand amounting to Rs. 29.77 million on account of using extra Radio Spectrum not assigned to the Company. The Company has challenged this amount before Islamabad High Court which has suspended the demand of PTA. The management is hopeful that its viewpoint shall be upheld; thus no provision has been incorporated in these financial statements against this demand.

## 10.2 Others

- (i) The Company acquired Indefeasible Right to Use ("IRU") of media and related Operations and Maintenance Services ("O&M") from Multinet Pakistan (Private) Limited under an agreement entered in August 2011. An agreement between the parties was reached in April 2015 for such amounts whereby it was decided that monthly payments in respect of O&M will be made by the Company and the schedule of due payments under IRU agreement shall be mutually agreed by June 30, 2016. Before such date, however, MPL illegally disconnected its services to the Company and filed a petition before the Sindh High Court for recovery of dues amounting to USD 7.03 million, allegedly due under the stated agreement. Such suit is pending adjudication.

The management believes that MPL's claim is invalid since its major portion relates to the un-utilized future period, for which MPL is/was under contractual obligation to provide media to the Company. However, the subject media/services have never been provisioned therefore MPL is not entitled to claim any amount for media or services which has never been provisioned. As the Company holds an indefeasible right to use MPL's media for the contract duration of 15 years, early and unilateral termination of services by MPL, amounts to a breach. Under these circumstances, the Company can use its express contractual rights to reclaim amounts relating to un-utilized future period on a prorata basis. Moreover, MPL is also liable to make payments to the Company on account of different services received from the Company. While the Company is in the process of preparing its defense in respect of challenging the amount of and MPL's right to receive these dues, it has also filed an application before SHC to refer the matter to Arbitration as per the dispute resolution mechanism contained in the agreement signed in August 2011. Based on the advice of the Company's legal counsel, the management is of the view that it is unlikely that any adverse order will be passed against the Company.

**13. Financial risk management**

**13.1 Financial risk factors**

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk.

The condensed interim financial information does not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at 31 December 2015.

There have been no changes in any risk management policies since year end.

**13.2 Liquidity risk**

Compared to year end, there was no material change in the contractual undiscounted cash out flows for financial liabilities.

**13.3 Fair value estimation**

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
